SELECTION IN A DIVERSITY OF PEDOCLIMATIC CONDITIONS

BY MATTHIAS MEILLAND

HOUSE OF MEILLAND – WORLD ROSE BREEDERS

A rose heritage

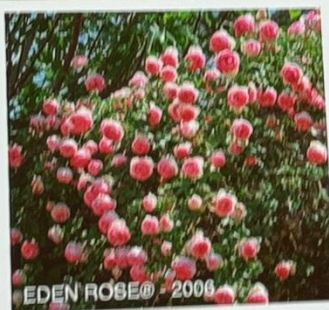

Mme A. MEILLAND / PEACE - 1976

PAPA MEILLAND - 1988

BONICA® - 2003

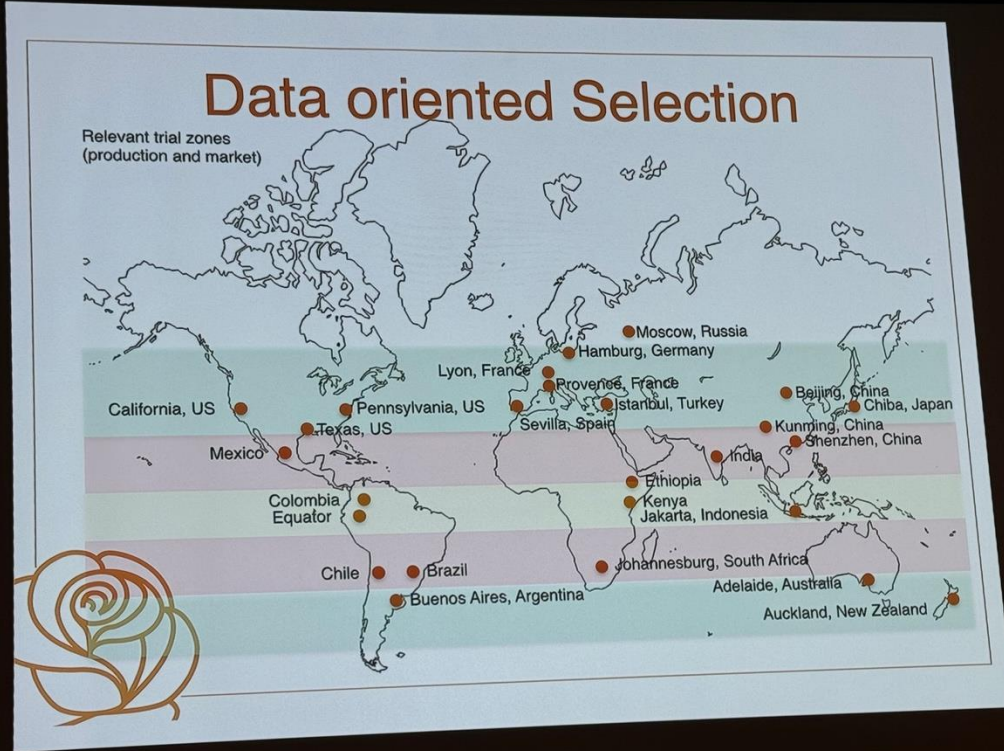

EDEN ROSE® - 2006

COCKTAIL® - 2015

HOUSE OF MEILLAND – DATA ORIENTED SELECTION

HOUSE OF MEILLAND - GOALS

MEILLAND®

What are we look for ?

- Traditional HT, Flo, Climbers, Ramblers
- Focus on beauty & fragrance
- Increase disease resistance & blooming power
- Focus shift in the last 20 years from bareroots sales to pot sales
- Great names (local), focus on stories
- Grafted and/or own roots
- Local solutions for local issues

DEE LISH™ – Francis MEILLAND®
(and many more)

MEIDILAND®

What are we look for ?

- Jacques Mouchotte & Jacques Ferrare selection
- Groundcover & shrubs
- Focus on disease resistance & blooming power
- No necessary cut back
- Mechanically cut back to rejuvenate
- Produce by cuttings
- Fast installation
- Tested & released worldwide

The start of the landscape rose

KNOCK OUT®

What are we look for ?

- Bill Raddler breeding & Jacques Ferrare selection
- Continuous bloomer
- Focus on black spot resistance
- Cut back each year
- Produce by cuttings
- Augmented shelf life and easy to pot

Not just a 'rose'
but a flowering shrub !

CURRENT RESEARCH ON BLACKSPOT DISEASE RESISTANCE

Rose black spot: A fungal disease

- *Diplocarpon rosae* W. (*Marsonina rosae*)
- Hemibiotroph lifestyle
 - Biotrophic with production of haustoria
 - Necrotrophic with production of intracellular hyphae
- 14 races described
- Disease management with fungicide and genetic resistance

Rose black spot : Two types of resistance

CURRENT RESEARCH ON BLACKSPOT DISEASE RESISTANCE

Rose black spot: A disease in epidemic proportions

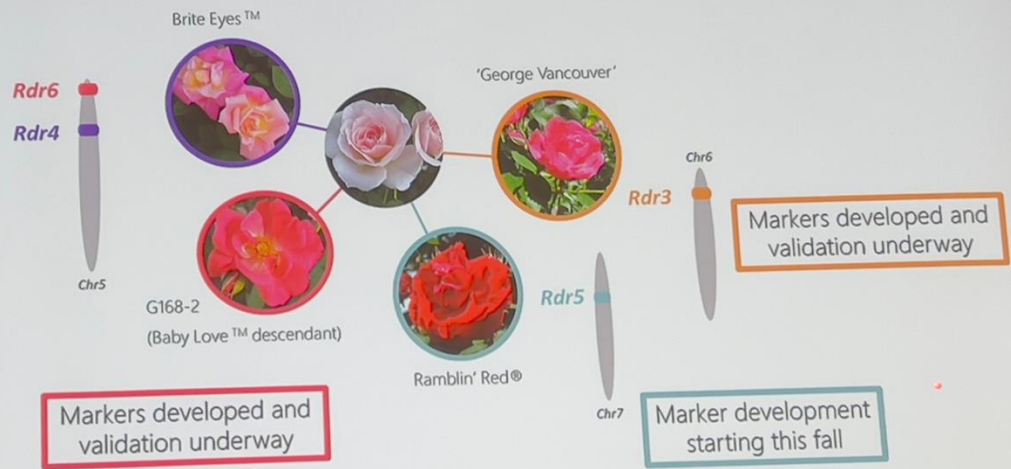

- Several cycles (polycyclic)
- Propagation by water splash

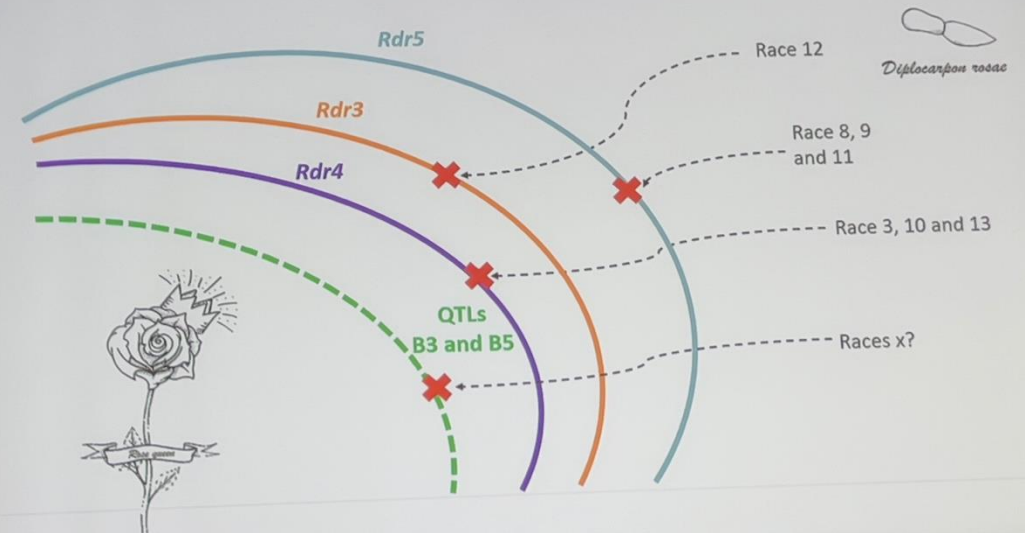

CURRENT RESEARCH ON BLACKSPOT DISEASE RESISTANCE

RBS resistance marker development :

Conclusion :

CURRENT RESEARCH ON BLACKSPOT DISEASE RESISTANCE

Genetic mapping

- explore about 500 rose cultivars used by hybridizers
- determine blackspot disease resistance
- establish library of resistant chromosome markers
- provide hybridizers a toolkit for more efficient rose hybridization & development
